WE DONT MAKE
FURNITURE
WE MAKE ROOMS

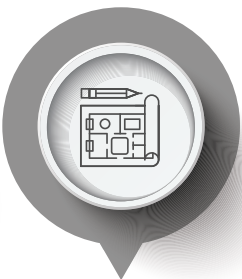

WHO ARE WE :

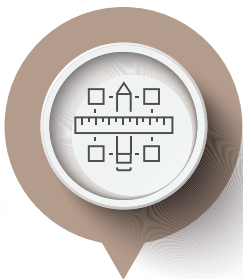

The brainchild of creative and unconventional young individuals, Bent Chair is an e-tailer home décor brand by the father-daughter duo, Natasha and Neeraj Jain. The brand is one-stop destination catering to all the furnishing needs, right from bespoke home décor to exquisite upholstery, spectacular furniture, quirky dining range, it has it all. Following the footsteps of “Make In India”, Bent Chair was conceptualized three years ago to bring forth the products of traditional artisans and skilled craftsmen, directly to the consumers. All of the magic takes place at our 1.5-acre state-of-art-facility outside Ambala that houses advanced machinery for metal coatings, woodworking, polishing, upholstery as well as contains a huge space for assembling, storage, and quality testing of finished products.

CONCEPT SKETCHES

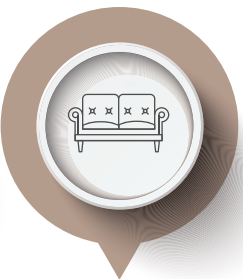

CAD DRAWING

PROTOTYPE

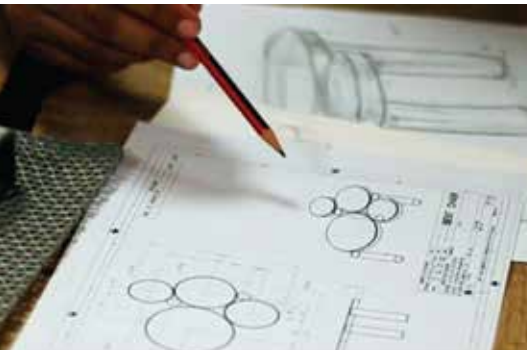

CAD DETAILING

FINAL PRODUCT CREATION

Initially, a concept is researched, and sketched, further developing the product design and 3D model of the concept. A physical prototype of the product is then produced, followed by prototype testing. At last, the product is manufactured, assembled, and is given its truly magnificent form.

ROSE GOLD WITH STONE TOP

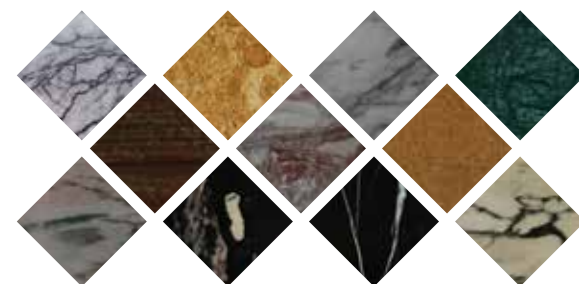

METAL FINISHES

Adhering to our expertise, this collection features 304-grade stainless steel surface texture and titanium coated with PVD process. The technique makes the product durable, and adds an exquisite finish to the product, making it a low maintenance asset to our end customer. Choose from various metal finishes: Silver, Gold, Rose Gold.

MARBLE TABLE TOPS

Bring your vision into reality with our custom tabletop options. Bent Chair offers an array of beautiful natural marble designer tables that are created to match modern-contemporary looks as well as complement the traditional, ornate and antique looks.

UPHOLSTERY TAILORED FOR YOU

Whether it's about a statement piece with luxury velvet, leather or simply coordinating the fabrics with the mood board of a room, our upholstery is perfect for all themes and is tailor-made especially for you.

WOOD FINISHES

Wood adds an everlasting warmth and natural essence to furniture. The beauty of wood is further enhanced by different polishes that Bent Chair offers such as walnut, antique, high gloss natural, distressed, Indian Rosewood, Teakwood, Steam Beech Wood. Customize your home interiors as per your design preference, giving it a refined look.

SPRING-SUMMER 2018

Rocky Star manifests a glamorous home collection, bringing back the abstract art impressed into dinnerware accessories

and furniture pieces in its

Summer Spring Collection 2018

Jewel Anthropod and Maya Collection.

Mysterious vibes, nature's wilderness, eclectic designs, and opulence are the underlying elements that define this series. Emanating from modernity and

extravagance in equal parts let mesmerizing patterns seep through

as a perfect match for an iconic home.

OCEAN

COLLECTION

The ocean is a denominator of space and time. Inspired by its moods, its days and nights, this line has been constructed. Geometrical motifs along with textures create the perfect harmony of form and aesthetic. Drawn from the serene components of nature, these furniture pieces, artworks, rugs, and lights are sure to create a composed ambience in your home.

A complete balance of form and functionality, every piece in this collection brims with an unparalleled appeal. Embracing the shades of blue, gold, iridescent and hues of sunlight, the form, colors, and textures are ideal for all seasons, unique in their personality just like the moods of the ocean.

SHIVAN & NARRESH

HOMES

bent chair®
CELEBRATE CREATIVITY

SHIVAN & NARRESH Homes X Bent Chair captures elements from the vibrant flora and fauna of the dynamic Indian geography and illustrates them in a detailed spatial design space. Envisaged for modern homes delineating an immaculate sense of style, the collection demonstrates a modernist organic taste running in tandem with its refined tribal influences from the SHIVAN & NARRESH Patu Series. With a singular vision to bring collective passions for design and art together, the collaboration pursues contemporary elegance with its definitive architectural aesthetic. The Patu Series with its strong influence of Dravidian Gond art and Andhra's Tholu Bomalatta were taken forward to form art prints named Fagun & Koi coal which in turn became starting points for this collection to derive elements from them. An element each was taken from these signature Shivan & Narresh prints to derive a form and give it a spatial design to convert it into furniture as piece of art. This process of tribal art moving in to print design, which then evolved back into a tangible art form, is at heart of this collection's creative process and unleashed a unique design finish & luxe comfort to modern day luxury homes.

leo x bent chair®

The Infinity Series brings together inspiration from the Mother Nature, music, artists and designers from the 90s. Embracing natural components, organic shapes, textures, carved wood furnishing, etc, this premium assortment is the composite of wood, textile and metal. The Infinity Series thrives to bring the idea of 'infinity' through design. Every piece in this exquisite collection represent an endless whole. Imbue your home interiors with a motile design element using the Leo X Bent Chair collection. Transforming the idea of furniture, this uber-cool assortment brings fluidity in an otherwise rigid notion. Make your own furniture according to your space and mood with the pieces from our Infinity Series. Engineered to bring modularity in luxury, every product in this collection can be formed and reformed in lieu of the requirement.
