The ocean is a denominator of space and time. Inspired by its moods, its days and nights, this line has been constructed. Geometrical motifs along with textures create the perfect harmony of form and aesthetic. Drawn from the serene components of nature, these furniture pieces, artworks, rugs, and lights are sure to create a composed ambience in your home.

A complete balance of form and functionality, every piece in this collection brims with an unparallel appeal. Embracing the shades of blue, gold, iridescent and hues of sunlight, the form, colors, and textures are ideal for all seasons, unique in their personality just like the moods of the ocean.
